

FAISAL IMAM

Frontend Developer & Discord Community Specialist

Location: Multan, Pakistan Phone: +92 329-9633872 Email: faisalimam2211@gmail.com
Platform: Fiverr (1+ Year Active)

PROFESSIONAL SUMMARY

Motivated and detail-oriented BSCS student at Air University (4th Semester) with over 2 years of professional experience in Discord Server Development and Frontend Web Development. Recognized on Fiverr for delivering high-quality, client-focused Discord community setups with consistent 5-star results. Experienced in collaborating with international companies to build and manage vibrant digital communities. Combines technical expertise with strong communication skills to deliver impactful digital solutions.

EDUCATION

Bachelor of Science in Computer Science — Air University, Multan Campus

2023 – Present | Currently Continuing | Relevant: Data Structures, OOP, Web Technologies, Computer Networks

WORK EXPERIENCE

Freelance Discord Server Developer

Fiverr | Remote | 2023 – Present

- ▶ Designed and deployed 50+ professional Discord servers for clients across gaming, crypto, NFT, DAO, and business niches — consistently delivering within agreed timelines.
- ▶ Configured advanced bot ecosystems including MEE6, Carl-bot, Dyno, Ticket Tool, and custom bots; implemented role systems, permission hierarchies, and automated moderation workflows.
- ▶ Achieved consistent 5-star ratings through responsive client communication, thorough documentation handoffs, and post-delivery support.
- ▶ Served international clientele from the USA, UK, Europe, and the Middle East — adapting community designs to diverse cultural and business requirements.
- ▶ Upsold additional services (bot customization, branding, management) resulting in high repeat client rate.

Discord Community Manager & Frontend Developer

Various Companies | Contract / Remote | 2022 – Present

- ▶ Partnered with multiple companies to build and manage official Discord communities — overseeing onboarding flows, moderation pipelines, and community event systems.
- ▶ Developed responsive, brand-consistent frontend web interfaces using HTML5, CSS3, and JavaScript; followed UI/UX best practices for clean, accessible user experiences.
- ▶ Collaborated within cross-functional teams under agile-like workflows to meet project milestones and maintain quality standards.
- ▶ Maintained brand consistency across all company-facing Discord servers and web assets.

TECHNICAL SKILLS

Discord	Server Setup & Architecture, Bot Integration (MEE6, Carl-bot, Dyno, Ticket Tool), Role & Permission Management, Onboarding Flows, Community Moderation, Event Systems
Frontend	HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Cross-Browser Compatibility, UI/UX Principles
Tools	VS Code, Git & GitHub, Canva, Discord Developer Portal, Fiverr Seller Dashboard
Soft Skills	Client Communication, Remote Collaboration, Time Management, Problem Solving, Attention to Detail

FREELANCE ACHIEVEMENTS

- ▶ 1+ year active Fiverr seller with a strong portfolio of successful Discord projects and a track record of repeat clients.
- ▶ Delivered projects across 4+ continents — adapting to diverse industry requirements and client expectations.
- ▶ Grew multiple Discord communities from zero to thousands of active members through strategic server design and engagement systems.
- ▶ Zero project cancellation rate — maintained professionalism and delivery standards across all client engagements.
