PROFILE

I'm a Computer Science student at Air University Multan Campus with hands-on experience in full-stack web development, database design, and desktop application development. I've built projects ranging from SaaS platforms to booking systems, and I'm comfortable working across the stack. I pick up new tools quickly and enjoy building things that solve real problems.

PROJECTS

### Event Tickets Management SaaS App

[github.com/.../Event-Tickets-SaaS](#)

Multi-tenant SaaS platform for event creation, ticket management, and attendee tracking. Includes user authentication, dashboard analytics, and ticket generation workflows.

React Node.js MongoDB Express SaaS

### Full Stack Semester Project

Web application featuring a RESTful API backend, dynamic React frontend, and JWT-based authentication. Integrated database layer with a clean, fully responsive UI.

React Node.js Express MongoDB JWT

### Railway Reservation System

Desktop application for end-to-end train booking. Covers passenger management, schedule tracking, seat allocation, and user feedback with a focus on data integrity.

C# SQL Server Desktop App

### Portfolio Website

[github.com/Hammadmazhar61245/Portfolio](#)

Personal portfolio site built with HTML, CSS, C#, and JavaScript to showcase academic projects and skills. Clean, responsive layout with cross-device compatibility.

HTML CSS C# JavaScript

### MongoDB Database Project

Designed NoSQL collections and document schemas for a scalable architecture. Defined inter-collection relationships and query patterns optimised for read-heavy workloads.

MongoDB NoSQL Schema Design

EDUCATION

### BS Computer Science

Air University Multan Campus

2022 — Present

3.2 / 4.0

### FSC Pre-Medical

Multan Nishat College

2023

965 / 1000

### Matriculation

Zakariya Public School

2021

1092 / 1100

SKILLS

LANGUAGES

C++ C# JavaScript SQL

FRONTEND

React HTML CSS Tailwind Bootstrap
